

# Phoenix Liberty Seminar

Phoenix, Arizona - May 3-4, 2013

## What we will discuss:

*What is the origin of our rights, and the proper role of government?  
What is the meaning of money? The root of all evil? Or a symbol of all good?  
Capitalism: profoundly moral or socially unjust?  
Is government a "necessary evil," or an "engine for good"?  
Defeating poverty: wealth creation or the welfare state?  
Right or left? America's 2 party mindset.*
